REDEFINING LUXURY REAL ESTATE

# THE ADDRESS OF FINE HOMES

Signature Stagers is a Dubai based real estate marketing company which uses bespoke interior design and public relations services as the two main conducive platforms.

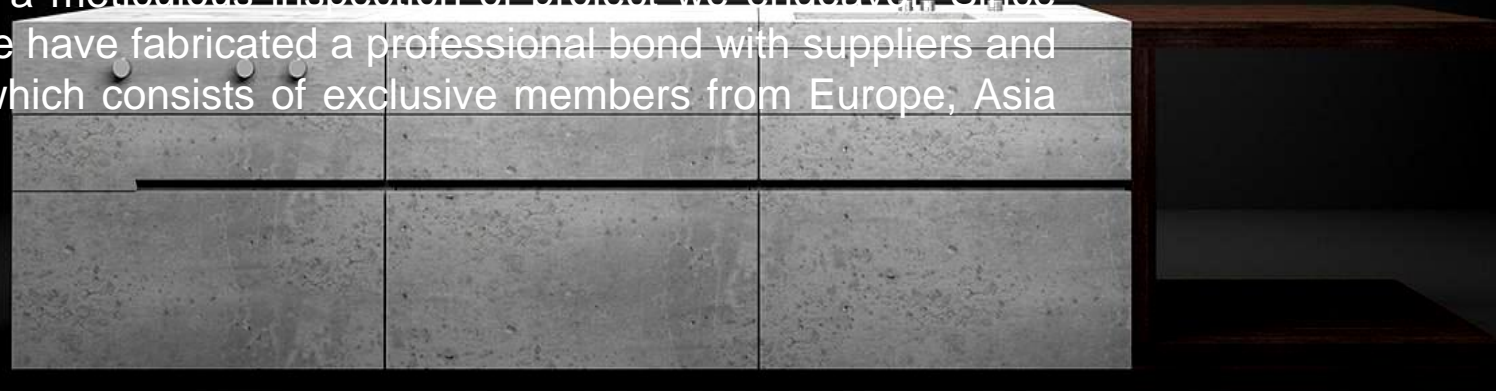

Exploiting a distinctive understanding of an ever-evolving industry, Signature Stagers continues to build on past experiences and is well positioned to offer expert design and marketing services to the corporate, institutional, commercial and residential marketplace.

Signature Stagers also provides services to a large number of other involved parties including private professionals and property developers. All of these clients have many different needs yet all benefit from the same exclusive service.

# OUR STYLE & APPROACH

At Signature Stagers, we firmly believe in partnerships and brand association. Our business model is based on cross platform marketing and from the start we have enjoyed close relations with some of the biggest names in the design industry.

We are governed by a meticulous inspection of project we endeavor. Since our launch in 2013 we have fabricated a professional bond with suppliers and enjoy a client base which consists of exclusive members from Europe, Asia and the Middle East.

# OUR STYLE & APPROACH

At Signature Stagers we specialize in interior design, luxury home staging and property marketing. When it comes to home staging we are a fully fledged marketing campaign as we set the stage through design, furniture supply and layout as well as provide an EDM campaign and manage a VIP house for our clients.

Our interiors always balance luxury with livability & refinement with comfort. Our job and the vow we make is to minimize property shelf time and maximize the sale price.

Our main goal is to ensure that all the properties we stage are the first to sell in the market by emphasizing the positive aspects and shedding light on the property's main selling points.

# OUR SERVICES

We pride ourselves in being market leaders when it comes to shedding that extra spotlight onto property in order to maximize its exposure.

Our services are tailored and customized on a per project basis in order to maximize the potential of an eventual sale with maximum returns.
